

## Don't Ask Me How It Happened!

I have two left shoes  
and no right one!

Don't ask me how it happened!

I have my dad's car keys  
in my pocket!

Don't ask me how it happened!

I'm missing some hair  
from the top of my head!

Don't ask me how it happened!

I have Suzie's homework  
and can't find mine!

Don't ask me how it happened!

I swallowed the eraser  
off my pencil top!

Don't ask me how it happened!

I dropped my lunch money  
down the drain!

Don't ask me how it happened!

I got locked in the bathroom  
for all of math class!

Don't ask me how it happened!

I sat in glue and  
sparkling glitter!

Don't ask me how it happened!

I accidentally hit Joey  
during recess.

Don't ask me how it happened!

My mother and father  
are in the principal's office.

I think you know how that happened!
