

One finger, two fingers, three fingers, four!  
Add a thumb and you've got one more!  
Five fingers, five fingers, on one hand,  
for drawing, for writing,  
for playing with sand!

Six fingers, seven fingers, eight fingers, nine!  
Ten when you count that other thumb of mine!  
Ten fingers, ten fingers, on both hands,  
for counting, for digging,  
for drumming in a band.

Ten fingers, ten fingers, on both hands!  
Ten fingers, ten fingers, at my command!

One toe, two toes, three toes, four!  
With my pinky toe you've got one more!  
Five toes, five toes, on one of my feet,  
for skipping, for hopping,  
for running down the street!

Six toes, seven toes, eight toes, nine!  
Ten when you count that other toe of mine!  
Ten toes, ten toes, on both of my feet,  
for kicking, for stomping,  
for tapping out a beat.

Ten toes, ten toes, on both feet!  
Ten toes, ten toes, for walking down the street!
